

TEETIME MANAGEMENT

THE RESPONSIVENESS OF YOUR PRO SHOP IS AN IMPORTANT REFLECTION ON YOUR CLUB'S ABILITY TO SATISFY ITS MEMBERS AND GUESTS.

The fully integrated Tee Time Management System can significantly help with this process. For example, using your current member/guest database, you can quickly create player reservations. When a booking is created, the proper cart and green fees are automatically selected and member/guest rules are verified. The check-in process is also streamlined allowing you to create individual or combined chits and proceed directly to Point Of Sale for settlement!

FEATURES & BENEFITS

- *Multiple Lottery draw methods*
- *Easy to use interface that accommodates bookings in seconds from your web site, mobile device, or by way of manual staff entry.*
- *Supports multiple courses for block and group reservation processing.*
- *Fully integrated with Club Management, Point Of Sale, Automated Credit/Debit Card Processing and Report Generator to ensure no duplication of effort while you work with real-time information.*
- *The system ensures that your policies and procedures are being enforced.*
- *Flexible template designs to facilitate any type of tee sheet configuration for normal, tournament and even league play.*
- *The system automatically checks playing time restrictions and guest accompaniment rules.*
- *Detailed historic play information is kept for each golfer.*
- *Powerful reporting options including golf course revenue, number of rounds played, weather conditions over time, and more.*
- *Handicap Integration with auto update features (using club automation)*
- *Email Notifications directly from the Tee Sheet (ie frost delays)*

QUICKLY BOOK TEE TIMES

The Main Reservation Screen allows for easy navigation between multiple courses and enables bookings to be made in a single touch! You can also perform a variety of tasks including player searches, block and group bookings, check-ins, cancellations and no-shows. In addition, the system allows you to add player and reservation messages, squeeze times, starter times, move or copy bookings and much more.

ACCESS PLAYER DETAILS FROM FILE

The Player Details Screen allows for fast retrieval of member/guest information. You can also update your member or guest database on the fly, view player history to alert staff on the booking habits of members/guests, and process credit card transactions.

TEETIME MANAGEMENT

BOOK VIA MOBILE DEVICE, OR ONLINE, ANYTIME

Whether it is 1:00 p.m. or 3:00 a.m., your Tee Time Reservation System is always open for business. Increasing utilization of your course satisfies the need that your members are coming to expect: Online Reservations via their mobile device, or through your club website.

- *Rather than have your members download an application, your Tee Time Management is now optimized for all mobile devices.*
- *Members can book a tee time in seconds.*
- *Reduce call frequency and pro shop wait times.*
- *When a reservation is made, the booking is placed into the system and the proper green and cart fees are automatically selected.*
- *No manual entry is required - Reservations automatically update in your Point Of Sale.*
- *The Online/Mobile Tee Time Reservation System automatically applies to custom club policies, rules, and time restrictions.*
- *Through your club's website, Tee Time Management Online allows members to participate in Online Tee Time Lotteries for high volume times. Real time Lottery results are posted online for members to view. Tee Time Lottery features "Smart Logic Matchups" to maximize Tee Time efficiencies by automatically pairing singles.*
- *Members can enter the "My Bookings" section and view/edit details of their upcoming reservations.*
- *Members can quickly add other members or guests to the reservation to create a Group Booking.*
- *Members receive an automatic email notification at the time their reservation has been made (with the option to also send out an appointment update in Outlook).*

CHECK-IN GROUPS AT ONCE

Checking in players is a snap! Simply check in a member by searching for their member number to find them a tee time. Tee Time Management also allows you to combine player charges through an intuitive point and click process. You can easily create individual chits for each player in the group, or combine all charges onto one chit for easy processing through your Point Of Sale system. This procedure can be a valuable time saver when many players are lining up at your registers, anxious to tee off.

POINT OF SALE INTEGRATION

All sales items are transferred directly into your Point Of Sale system. No longer will you have to 'pick and choose' green fees, and merchandise can easily be added to the bill and settled using your familiar tendering buttons. Player names and tee off times can also be printed directly on each player's chit and presented to your starter.
